

CLASSIC™ TRAINING SYSTEM

MOBILE TRAINING SYSTEM

The MILO Range Classic system offers the most advanced feature set available in a portable use of force and tactical judgment training system. Based on the same software and technology as the full-featured MILO Range PRO system, the Classic provides hundreds of fully interactive video training scenarios, graphics-based firearms drills and industry-leading features in a compact, all-inclusive design that is easy to transport and set up in less than 20 minutes, in any size training room.

The all-inclusive system suite includes a laptop computer with MILO software and scenarios-preloaded, HD projector and sound system, hit-detection camera system, SIRT training pistol, and OC spray device for less-lethal decisions. Optional accessories such as patrol rifle recoil kits, Taser training devices, and many other custom options are available to build the system you need, the way you want.

Easy to transport, all-inclusive training system

Includes hundreds of dynamic training scenarios.

PORTABLE & LIGHTWEIGHT HEAVY-DUTY TRAINING

The system includes everything to start training, right out of the box.

TRAINING SCENARIOS:

The MILO Range Classic includes hundreds of dynamic training scenarios featuring the most realistic and contemporary critical incident and crisis management topics happening right now. The MILO Branching engine provides dozens of scenario dynamic pathways to escalate and de-escalate situations based on trainee performance. Some topics in
