

## USAF SECURITY FORCES TRAINING SYSTEM

MISSION-SPECIFIC. MISSION-ADAPTABLE. MISSION-EFFECTIVE.

The MILO Security Forces Training System offers the most advanced feature set available for interactive judgment training for Security Forces situations. Far exceeding proficiency requirements, no other system can deliver a more realistic, adaptable training environment to your mission.

In addition to ready-to-train scenarios, an extensive library of interactive exercises is included ranging from simple diagnostic drills to advanced judgment and decision-making applications. The optional Course Designer software empowers instructors to create new, fully interactive video scenarios allowing them to apply their policies and procedures in a familiar environment.

All from a company with 25 years of simulation experience and backed by our 24/7 technical support, the MILO Range Security Forces Training System makes it easy to create a safe, reliable, and effective training program.

HD Security Forces video scenarios offer full emotional immersion with multiple branching decisions and outcomes.

Easy to Use: Intuitive MILO interface based on Windows Operating Software

Instructor-controlled response options (verbal recognition, force applications, escalation and de-escalation)

## MISSION FOCUS: SECURITY FORCES

The more realistic the training, the more effective the results. That's why MILO Range supports a host of system features that you can use to simulate virtually any scenario.

### System Features

- Complete turnkey system
- Instructor-controlled multi-branching response options
- Intuitive Windows-based instructor interface
- Safe, simulated laser-based force options
- Marksmanship and interactive graphics-based firearms drills
- Full training records & reporting module
- UAS Takedown skill builders for SKYNET™ proficiency
- Gate barrier control simulation

### Training, Warranty and Support

- Train-the-Trainer MILO instruction at your site
- Full-coverage warranty included
- Free training at MILO headquarters for new instructors
- 24/7 telephone support
- Free software updates and new scenarios (as they are produced)

### Examples of Security Forces situations include:

- Gate-runners
- Active shooter
- Domestic disturbance
- Traffic stops
- Unauthorized access
- De-escalation scenarios

"Our training team has effectively incorporated MILO for the use of Force scenarios that advance beyond the stereotypical "shoot/no-shoot" choices; instead, they can really drive home the principle of de-escalation of force across the spectrum, encouraging the use of verbal interactions to resolve problems before having to resort to less-lethal options or deadly force application."— **Maj Jeffrey Beene, USAF**
