## Air National Guard 154 Security Forces Squadron

JB Pearl Harbor-Hickam Honolulu, HI. 5,760 sq.ft.

A 12 lane, 25m firing distance, rifle rated MCSATS® featuring a centralized control room with angled viewing windows, 12 programmable target retrieval systems, with Milo Live Fire Simulation system. Shooting Range Industries' (SRI) modular live fire range solution, the MCSATS, required only simple Steel plates for placement on top of an asphalt lot. The utilities were connected after delivery to become fully functional. Production of the range was completed in 4 months and when delivered, installation and commissioning was accomplished in just 11 days.

Simulation - Yes- Milo Pro with retractable screen option.

Field Advisor - Michael Halverson/Jake Cook/Eddie Miranda
