Portland, OR

2 lane, 120 foot rifle rated MCSATS® featuring a windows, programmable target retrieval systems, with Milo Live Fire Simulation system. Shooting Range Industries (SRI) modular live fire range solution, the MCSATS®, required only simple Steel plates for placement on top of an concrete lot. The utilities were connected after delivery to become fully functional. Production of the range was completed in 3 months and when delivered, installation and commissioning was accomplished in just 5 days.

Simulation - Yes - 360 degree wireless programmable target retrieval system.

Field Advisor - Jake Cook/Eddie Miranda
