## United States Air National Guard Modular Small Arms Training Set

Ramstein, Germany

6,720 sq.ft.

A 14 lane, 25 Meter rifle rated MCSATS® featuring a centralized control room with angled viewing windows, 14 programmable target retrieval systems, with Milo Live Fire Simulation system. Shooting Range Industries (SRI) modular live fire range solution, the MCSATS®, required only simple Steel plates for placement on top of an asphalt lot. The utilities were connected after delivery to become fully functional. Production of the range was completed in 3 months and when delivered, installation and commissioning was accomplished in just 9 days.

Simulation - Yes - 360 degree wireless programmable target retrieval system.

Field Advisor - Jake Cook/Eddie Miranda
