Knowledgebase

The Knowledgebase feature of MILO Range allows you to present agency specific supporting multimedia and documents on the projection screen. You can display Knowledgebase items before, during, or after a training scenario to support discussion and/or reinforcement of a policy, training objective, or key learning point.

You can perform the following tasks within the Knowledgebase:

	Display a Knowledgebase item on the projection screen	<ul style="list-style-type: none"> Select the item to display and click the Present icon.
	Create a new Knowledgebase	<ol style="list-style-type: none"> Click the New Knowledgebase icon. Choose a name and location to save the new Knowledgebase. <p>Note: C:\MILO\KnowldgeBase\ is the recommended location.</p>
	Add items to a new or existing Knowledgebase	<ol style="list-style-type: none"> Click the New File icon. Browse to the file location and select the file. <p>Note: You can add any type of file that you intend to present to trainees.</p>
Edit>Delete	Remove Items from a Knowledgebase	<ul style="list-style-type: none"> Select the item you wish to remove and then select Edit > Delete. <p>Note: You cannot undo deleting an item from the Knowledgebase. However, you can always add the item back to the Knowledgebase.</p>

	<p>Move items up and down in a Knowledgebase list to arrange them in a specific order or priority</p>	<ul style="list-style-type: none">• Select the item you wish to move, and then use the Move Up and Move Down icons.
